PRODUCT TERMINATION NOTIFICATION

PTN: PTN171104

Date: March 19, 2017

Subject: Product Termination Notification for Select Cypress MCU and Analog Products Fabricated from the Aizu Fujitsu Semiconductor Wafer (AFSW) Facility.

Product Obsolescence Information:

Cypress announces the obsolescence of select MCU and Analog products fabricated from the Aizu Fujitsu Semiconductor Wafer (AFSW) facility. AFSW is the 6" manufacturing line for MCU and analog devices, located in Aizu-Wakamatsu city in Japan. Cypress manufactures wafers in this location through Fujitsu Semiconductor Limited (FSL).

Due to the declining business conditions, FSL has provided shutdown notice of this manufacturing plant to Cypress at the end of the current contract. The devices manufactured at this location are part of legacy technologies (0.5um and higher) with no possibility of transfer to other factories or replacement devices. This Product Termination Notice is being issued now due to the limited capacity remaining before factory shutdown.

Last Time Buy (LTB) and Last Time Ship (LTS) dates are provided for each product. The LTB date is the anticipated last day on which orders will be accepted; these orders may be scheduled for shipment through the LTS date provided. Be advised that since this obsolescence is related to a factory shutdown, Cypress may have to close order entry prior to the date listed in the attachment.

Part Numbers Affected: 2241

Please see the attached file for a list of part numbers, Last Time Buy dates and Last Time Ship dates.

Approximate Implementation Date:

This change is effective with this notification. See attached affected parts list file for the specified Last Time Buy and Last Time Ship dates by device.

Response Required:

No response required.

For additional information regarding this notice, contact Masaru Horino at mhor@cypress.com, your local sales representative or the PCN Administrator at pcn_adm@cypress.com.

Sincerely,

Cypress PCN Administration
